The Green Valley Pecan Company delivers farm-fresh pecans in any size, style or packaging you require, from a one-pound test pack to a twenty-ton container. We adhere to the highest standards in the world for food safety, quality and traceability; and that is why we are the leading pecan supplier to the world. We are BRC (British Retail Consortium) certified, HACCP certified, have our own onsite laboratory and follow strict guidelines to ensure the highest quality and safest pecans. We provide unitized shipping in bulk ingredient packaging and will gladly accommodate export shipments from U.S. ports for quantities up to ocean liner container size.

**Ask about R & D samples and our USDA Certified organic pecans.**
